TUFGRAIN

WOODGRAIN FINISHES

Lighter: Tufgrain® aluminum frames are much lighter than solid wood and are easily moved so casters are not required.

Realistic: Four wood grain finish options look like real wood.

Stronger: Aluminum frames last longer and resist dings better than real wood.

Better: A more environmentally friendly solution than solid wood frames.

Shelby Williams has an unparalleled reputation for comfort, quality and durability and has been making residents feel at home for more than 60 years.

Senior Living

* High performance casters, available in a variety of finishes, provide easier, safer access for residents.

IT'S YOUR CHOICE

- Find the optimum table for your application with our limitless combinations of surface, edge, column, base, finish and glide.
- Create visual interest and easy access by adding bar or counter height tables.
- Place our occasional tables with our lounge chairs to add comfort and convenience.
- Select from our wide range of edge materials and profiles to offer a gentle radius or softer touch on your dining tables.
- Wheelchair accessible and ADA options available.

Why Shelby Williams Booths?

- Everyone will enjoy our exceptionally comfortable booths, not just for dining. FaceTime your family from a cozy nook, or enjoy a quiet conversation with your friends.
- Booths can create multi-purpose zones and make more efficient use of space.
- Upholstered booths offer acoustic benefits and provide designers with a large canvas to create visual interest through fabric, vinyl, and many other design features.
- Booths are also available in counter and bar height.
