# Tufgrain by SHELBY WILLIAMS

- Lighter:** Tufgrain® metal frames are much lighter than solid wood.
- Realistic:** Four wood grain finish options look just like solid wood.
- Stronger:** Metal frames will last longer, and resist dings better than wood finish.
- Better:** A more environmentally friendly solution than solid wood frames.

## Seating Capacity

**FINISHES** Here is a small selection of some of our most popular finishes. Additional finishes available at [shelbywilliams.com](http://shelbywilliams.com). Shelby Williams can also custom make virtually any finish if you provide a sample.

### Metal Tufcote®

### Plated Finishes

### Tufgrain®

Tufgrain® finishes emulate wood grain patterns. Available on smooth frames only.

### Wood Tone Tufcote®

Wood Tone Tufcote® harmonizes with wood finishes on the 8105 & 8108 styles.

Colors and finishes are printed as accurately as possible. Actual colors may vary. Request samples from Customer Service at 800-873-3252 or email at [finish@mycgroup.com](mailto:finish@mycgroup.com).
