## **ADA800 ADA TABLE**

800 Series ADA Table

## **Features:**

Recommended ADA size for most top styles is 30" x 48" (exceptions apply).

In order to meet ADA guidelines, tables must:

- Be 28" 34" high.
- Have knee room under the table of at least 30" wide, 27" high and 19" deep.
- Allow for 60" from the wall to the table edge.

Standard height is 27.75" without the top. Top thickness varies.

## Options:

• Wheelchair height
