## **ADAB12 ADA TABLE**

B12 Series ADA Table

## **Features:**

Recommended ADA size for most top styles is  $30'' \times 48''$  (exceptions apply).

In order to meet ADA guidelines, tables must:

- Be 28" 34" high.
- Have knee room under the table of at least 30" wide, 27" high and 19" deep.
- Allow for 60" from the wall to the table edge.

Standard height is 28.5" without the top. Top thickness varies.

## **Options:**

- Wheelchair height
- Power management
